AGENDA ITEM 19-01 AGENDA

Mr. Alcaro offered a motion to adopt the agenda. Mrs. McKeever seconded it and the motion passed with Dr. Acuff and Mrs. Puryear absent.

AGENDA ITEM: 19-02 PUBLIC COMMENTS

Mr. Steve Koleszar, former CATEC Center Board member, spoke with regard to the impact that Albemarle County’s center-based model will have on CATEC. It is critical for the CATEC Board to look at those implications. He said that research shows that it is preferable for students to go every other day rather than a half-day and he feels that it is something that the Center Board needs to address.

Mr. Koleszar’s second concern is that, as the City and County high schools have richer, more diverse offerings, it would be prudent for the two Boards to reach a Memorandum of Understanding that students in one division can take advantage of those specialized programs that would be right for that student in the other division. It should be designed as a generic MOU rather than a program MOU so that it naturally fits under that umbrella.

Mr. Wade, on behalf of the CATEC Board, thanked Mr. Koleszar for his many, many years of service. He asserted that Mr. Koleszar embodied what the CATEC Board needs and it is an example of the cooperation between the City and the County and a lot of that has to do with his leadership over the last 24 years on the Albemarle County School Board and the CATEC Center Board. Mr. Koleszar stated that he is more than happy to share his experience and insight.

The CATEC Foundation gave out six $500 scholarships to students in the Adult Ed classes in addition to six Auto Tech scholarships totaling about $3,000. She stated that there are more apprenticeships in the current semester than in the 1st semester; Electrical and HVAC are the largest apprenticeships. Dr. Keiser confirmed that the budget for Adult Education is included in the CATEC Funding Request. Mrs. Gannon noted that the Adult programs are as affordable as possible and there are scholarships available; the students appreciate the reasonable tuition. She hopes that, as long as the Adult programs break even, there will not be an increase in tuition; CATEC is here to help students further their education.
