AGENDA ITEM: 18-05 APPROVAL OF FINANCIAL STATUS
Mr. Alcaro offered a motion to approve the financial status. Mr. Koleszar seconded the motion and it passed with Mr. David Oberg and Mrs. Jennifer McKeever absent.

AGENDA ITEM: 18-06 2017-18 BUDGET AMENDMENT
Dr. Keiser reported on the first phase of the Fair Labor Standards Act classifications review and analysis work with Ms. Carolyn Johnson Fowler, from HR Diversified Solutions. She was recommended by Albemarle County for the purpose of analyzing five classified support positions. Five employees participated, completed the survey, and interviewed with Ms. Johnson Fowler to revise the job descriptions for each position consistent with Albemarle County. The total expense for the FLSA classification review and analysis of the five positions is $7,832.45 for the remainder of the current year starting January 1, 2018. Dr. Keiser requested Board approval and permission to continue to engage in this process in the summer to analyze the remaining classified positions. Dr. Keiser confirmed that this amount includes fringe benefits. Mr. Koleszar offered a motion to amend the 2017-18 budget with an increase of $7,832.45 for an adjustment of the classified employees’ wages. Mrs. Puryear seconded the motion and it passed with Mr. David Oberg and Mrs. Jennifer McKeever absent.
AGENDA ITEM: 18-07  PROGRAM PRESENTATION

Mr. Jim Charbonnet, Automotive Technology instructor, presented information about his program. He provided the Board with his background, reviewed his classes, and explained what his students are doing now. He explained the need for auto technicians with current employment statistics and reviewed certifications the students can earn. There was also discussion about the equipment he needs to update his lab.

AGENDA ITEM: 18-08  2018-19 FUNDING REQUEST

Dr. Keiser stated that, based on feedback from Mr. Koleszar at the December 12, 2017 Center Board meeting, $30,000 from the fund balance was applied to the budget request. She recapped the information she provided at the previous board meeting and submitted the current funding request for the Center Board’s review and approval. Dr. Moran suggested that Dr. Keiser work with Jackson Zimmerman (with regard to the budget) because the formulas going forward are complicated and teachers’ raises will depend on where they fall on the scale. Mr. Koleszar reminded the Board that, at this point, they are approving the funding request and it is not a budget until Albemarle County approves their budget. Mrs. Puryear offered a motion to approve the funding request as presented by Dr. Keiser. Mr. Koleszar seconded the motion and it passed with Mr. David Oberg and Mrs. Jennifer McKeeveer absent.

AGENDA ITEM: 18-09  STRATEGIC PLAN UPDATE

Dr. Keiser summarized the process that led to the current Strategic Plan including the three phases of the plan in detail as well as what has been accomplished. Included in her synopsis were the Board’s strategic and operational recommendations and new programs that have been implemented.

Dr. Keiser listed the new programs for the upcoming school year: EMT I & II (the WAHS satellite program), CATEC internship, and Veterinary Science I & II. Radio Communications and Production I & II are proposed as a CHS satellite for the fall of 2019. She provided an update on the current CATEC programs and what students have done this school year. Dr. Keiser described the career development focus CATEC provides to all students which includes job shadows, clinicals, internships, and apprenticeships.

CATEC received several grants this year:
- Shannon Foundation Grant and SkillsUSA Community grant for the CATEC Food Bus conversion
- Dominion Solar for Schools Grant
- Collision Repair Education Foundation for classroom enhancement

Dr. Keiser informed the Board about collaboration with PVCC and other regional partners in addition to the formation and purpose of program advisory councils. She also mentioned the status of the CATEC Foundation Board and what has been accomplished to date.

Dr. Keiser detailed the two work sessions in which the Center Board subcommittee members met to discuss the benefits and feasibility of relocating CATEC to PVCC or renovating CATEC. She reiterated how the subcommittee evolved and what the four options for CATEC were:
1. Remain at CATEC with no facility upgrades
2. A hybrid model in which some programs would remain at CATEC and some would be relocated to PVCC
3. Build a new facility at PVCC
4. Conduct a renovation at CATEC consistent with the vision, strategic mission, and programming

After much discussion, the subcommittee recommended that CATEC remain at the Rio Road location. Reviewing the current strategic plan and making some adjustments based on best practices and current trends will assist in
developing the next steps. The subcommittee envisions CATEC becoming a distributive or specialty center hub with a Maker-STEM focus. Current programs would be evaluated to determine if they are consistent with Maker and STEM pathways and additional STEM programs not currently in the strategic plan would be identified. The facility and specific program needs will be determined based on the revised approved strategic plan.

Mrs. Puryear asked if there would be any monetary implications to what Dr. Keiser recommends as it relates to the investigation of the Maker and expansion of STEM. Dr. Keiser believed that the work would be done internally unless the Board would like an external entity to work on it. Mr. Wade reported that eventually they will do another Strategic Plan. Mr. Koleszar stated that he envisions the committee will be expanded and would meet over the next 3-6 months and lay out what they want to accomplish. Then the staff would work toward the goal of a new program starting in the fall of 2019. Mrs. Puryear offered a motion for the Board to give Dr. Keiser and the CATEC subcommittee permission to move forward with the strategic plan including recommendations and vision for the future. Mr. Alcaro seconded the motion and it passed with Mr. David Oberg and Mrs. Jennifer McKeever absent.

Mr. Wade brought up the survey (that the County sent out) asking if it was related to this topic. Mr. Koleszar stated he was not personally familiar with the survey. He explained that, in December, the Albemarle County School Board voted to go to a distributed center model in terms of expanding the high school capacity. There may be some impact on CATEC and certainly that should be part of that discussion. He said that both divisions are reexamining what high schools should be and he confirmed that that would factor into some of the discussions around the future vision of the current structure and what goes on within the building as it relates to academics. Mr. Koleszar stated that he would like to continue to serve on the committee.

**AGENDA ITEM: 18-10   COMMENTS**

Adult Education Coordinator's comments
Mr. Bosselman reported that classes started last week, there are 243 students enrolled, and students are still enrolling. He reviewed the status of some of the current classes. He also stated that scholarships that have been given through donations and, eventually, will be awarded through the CATEC Foundation. He went into detail about some of the adult education programs and the rate of those students getting jobs.

**AGENDA ITEM: 18-11   OTHER BUSINESS BY BOARD AND SUPERINTENDENTS**

Mr. Wade reported that he received a survey asking questions about the future of CATEC and there was discussion about the origin, and the purpose, of this specific survey. Mrs. Puryear asked about the proposed satellite centers at CHS and at WAHS and how interested students will access those. She also inquired about how it would impact CATEC enrollment and Dr. Keiser stated that the hope is that, ultimately because of the regulations around the Profile of the High School Graduate, that the City and County would exchange students. Other principals she has spoken to are receptive. This upcoming school year, the County students will be able to attend an academy that is not currently at their school. The County has made transportation arrangements for students to go to different schools and Mr. Alcaro stressed that equity and access were a big part of the plan to give every student a chance to take any subject in any high school or center.

Mr. Koleszar complimented Dr. Keiser on the three superior hires she has made this year. He stated that the quality of teaching and of instructors is what we have control over and it is the number one thing that will help CATEC thrive.

**AGENDA ITEM: 18-12   CLOSED SESSION**

Mr. Alcaro offered a motion that the CATEC Center Board go into a closed meeting as authorized by the Virginia Freedom of Information Act, section 2.2-3711(A) of the Code of Virginia, under Subsection (1) for the purpose of discussing personnel issues. Mrs. Puryear seconded the motion and the motion passed with with Mr. David Oberg and Mrs. Jennifer McKeever absent.
Certify Closed Meeting

Mr. Alcaro offered a motion that the Board certify that, to the best of each member's knowledge, only public business matters lawfully exempted from open meeting requirements by Virginia law were discussed in the closed meeting, and only such public business matters as were identified in the motion convening the closed meeting were heard, discussed, or considered. Mrs. Puryear seconded the motion and roll was called:

AYES: Mr. Koleszar, Mrs. Puryear, Mr. Alcaro, and Mr. Wade.
NAYS:
ABSENT: Mr. Oberg and Ms. McKeever.
The motion carried by a 4:0:2 vote.

Mr. Koleszar offered a motion to accept the resignations of employees #1, #2, and #3. Mrs. Puryear seconded the motion and it passed with Mr. David Oberg and Mrs. Jennifer McKeever absent.

ADJOURNMENT

At 7:46 p.m. Mr. Wade adjourned the meeting of the CATEC Center Board.
